To the Hon the Senate and House of Representatives in Legislature assembled,

THE undersigned beg leave to represent that a Boom from Ayer's Island, at Stillwater, to extend up and across the main Penobscot River through a portion of Ayer's Falls to the eastern shore would greatly accommodate and advantage the Mills and those interested in the manufacture of Lumber at that place and in case of injury to the boom above or the escape of logs or other lumber, would afford to the owners and others great facilities in the preservation of their property and save To the community a large amount of property which now annually passes down said river into tide waters, or below the mills where they can be safely and advantageously manufactured
Wherefore we pray your hon body to grant us an Act of Incorporation, with such immunities and restrictions as may seem just and as will subserve the interests aforesaid And as in duty bound will ever pray

The Committee of the Massachusetts Legislature, appointed to investigate the affairs of the MIDDLESEX BANK, reported on the 3d inst- A Bill repealing the charter of the Bank, accompanies the Report.

The Committee speak with very great severity of the conduct of *William Parmenter, Loco Foco Representative to Congress from Middlesex* in his connection with the Middlesex Bank as President. The embarrassments of the Bank were occasioned by its connection with the Commonwealth Bank and "the accumulation of an unjustifiably large debt," by the New England Glass Company, of which the President of the Bank, Mr. Parmenter, was the Agent *At the same time, receiving a salary from the Bank, and [illegible] the Glass Company*

THE CUMBERLAND BANK at Portland has given notice that it "will, after the 4th of February [illegible] discontinue the arrangement hitherto subsisting for redeeming its bills in Boston at the Suffolk Bank of that city, and that hereafter no bills of Banks out of the state of Maine will be received in deposite at the Bank of Cumberland."

PROFITEMENT On examination of the North Bank a few days ago, it was ascertained that there was a deficiency of a large amount, [28,500] in a parcel of money deposited in a trunk in the keeping of the Teller. It was reported yesterday, in a manner which appears to be entitled to credit, "that the Teller has confessed his participation in the embezzlement of the money, that nearly half the amount has been expended, and that the residue has been loaned, and will probably be recovered

CONGRESSIONAL

In the *Senate*, on the 1st of February After the [illegible] Election of Mississippi and Petitions in relation to Texas and Slavery, the motions to receive which were invariably laid on the table, the Sub Treasury Bill came up at one o clock for discussion. Mr Webster took the floor and commenced his speech in opposition to the bill He spoke for several hours and with very great force We forbear quoting from the reports of his remarks given by the various correspondents as we hope soon to give the speech to our readers in more perfect and correct form

After Mr. Webster had concluded, the first two sections of the bill were stricken out by a vote of 24 to 13 These sections provide for the investment of Government funds in stocks

Mr Rives succeeds Mr Webster, and will propose his State Bet Bank substitute

In the *House*, the Mississippi Election was the subject of a new discussion upon Mr Howard's Resolution, declaring the seats of the Mississippi members of Congress vacated, and calling upon Congress to notify the Governor of Mississippi of the fact that he may provide for a new election by the people The N Y Express correspondent says

The question has been debated upon to-day, off the one side by Messrs Prentiss, Underwood and Menefee, and upon the other by a *Cuffey* man from Maine, who has been of this late day discussing the meaning of the word happen and upon the same side of the question also by Messrs Howard of Maryland Mason of Virginia, and White of Indiana Mr Patton, of Virginia, has the floor to morrow The House continued in session six hours

LATEST FROM EUROPE.

The packet ship Pennsylvania, Capt Smith, arrived at New York on Friday, bringing Liverpool dates to the 26th of December There is nothing of importance in the papers except the report of the state of the market both in England and on the Continent Cotton has again advanced, and trade never was in a more active and healthy state The Leeds Mercury says

"We notice with the greatest pleasure that the commercial reports furnished by our correspondents and others represent a general improvement to be taking place in the Woollen, Worsted, Cotton, Linen, Hosiery, and Lace trades, in the towns of Leeds, Huddersfield, Bradford, Halifax, Rochdale, Wakefield, Manchester, Liverpool, Barnsley and Nottingham A decided improvement just at this period, which is usually the dullest in the whole year, is a very cheering symptom of returning prosperity, and affords good hopes of increased comfort to the working classes Moreover, the appearances cannot be owing to an excessive circulation, as both the Bank of England and the country Banks have largely reduced their issues and increased the stock of bullion in their coffers According to the latest return of the Bank of England, its stock of bullion now amounts to £8,172,000, and its circulation to only £17,098 00, the former being increased £740 000, and the latter decreased £346,000 within the last month"

The Havre papers say 'Cotton closed on Saturday, the 23d at an advance The two subsequent days, viz 24th and 25th, being Sunday and Christmas, no business was done Of the stock of cotton, it appears there were of American but 40,000 against 85,000 last year; of all sorts 142,450 against 200,450 bales last year decrease 58,000 bales This is a favorable fact in sustaining the recent advance"

SPANISH COMMISSION The commission for adjusting the claims of our merchants for indemnity under the Convention between the United States and Spain, closed its session of eighteen months this day The duties of Mr Henry (being sole Commissioner) have been arduous and occupied his undivided attention to the last day

The propriety of extending the Commission to this day is manifest from the fact stated to us, that the memorial of the largest claimant was not filed until Saturday last. We are informed that the whole amount awarded, except about eight thousand dollars, goes to merchants and underwriters north of the Potomac Globe

INDIAN WHEAT The last number of the New England Farmer contains a full account of a species of grain known by the name of Indian wheat, which has lately been introduced into this country, and which promises to be highly valuable We learn from the Farmer that this plant is the Turturin, or as it is sometimes called the Siberian buck wheat This kind of grain has been cultivated in Pennsylvania for some years and also in Hampshire County in this State It was introduced into Germany about a century ago, and within a few years has been cultivated in Great Britain It is said to yield a good crop, say 30 or 40 bushels on ordinary land and some [illegible] 75 to 100 bushels to the acre [illegible] from 20 to 25 lbs of flour [illegible] well in the poorest soils [illegible] by the cold is heavier in the grain, and by some is said to be more palatable than the kind of buck wheat usually cultivated It is valuable for bread stuff, and as food for horses and hogs If the accounts given of the Indian wheat are correct, it must prove a valuable addition to our stock of grain Our farmers would do well to try it.

SHE WAS A PHANTOM OF DELIGHT

BY WORDSWORTH

She was a phantom of delight
When first she gleamed upon my sight
A lovely apparition, sent
To be a moment's ornament
Her eyes as stars of twilight fair,
Like twilight, too, her dusky hair,
But all things else about her drawn
From May time and the cheerful dawn;
A dancing shape, an image gay,
To haunt, to startle and way-lay.

I saw her upon nearer view,
A spirit, yet a woman too!
Her household motions light and free,
And steps of virgin liberty,
A countenance in which did meet
Sweet records, promises as sweet:
A creature not too bright or good
For human nature's daily food;
For transient sorrows, simple wiles,
Praise, blame, love, kisses, tears and smiles.

And now I see with eye serene
The very pulse of the machine;
A being, breathing thoughtful breath,
A traveller between life and death,
The reason firm, the temperate will,
Endurance, foresight, strength and skill,
A perfect woman, nobly planned
To warn, to comfort and command;
And yet a spirit still, and bright
With something of an angel light.

MANY of the good people of this City have had "line upon line, and precept upon precept," by way of polite and pressing invitations, to pay their taxes. The warrants of the Assessor's Warrants for the year 1837, as committed to me, will not allow of further parley or delay. Every resident of the city, who has not yet paid his tax, is earnestly called upon to neglect no longer this necessary and important duty, as in such matters "delays are dangerous."

Non Residents should look out in order that the Collector does not make too great a profit in advertising and selling their farms. [illegible] only way to prevent [illegible] by taking [illegible] and paying the taxes [illegible]

NEW AND VALUABLE SCHOOL BOOK!

THE attention of School Committees, Teachers and Parents, is invited to the examination of the "JUVENILE READER," *a selection of easy Reading Lessons, by a Teacher*, a new edition of which, revised and corrected, we have just published. It is believed that the book is one which has been very much wanted in our common schools, and indeed it was compiled at the request of many of our best Teachers. The compiler is a gentlemen of known abilities, and long experience in his profession. The pieces in this book, are chiefly selected from popular works designed for youth, and it is believed, will have a healthy moral influence in those schools in which it is adopted. The book comes at a very low price and has been adopted in a great many Schools with decided approbation, and having been stereotyped, is free from the danger of having any alterations made in it, which is the greatest trouble with all school books.

Those connected with schools, or interested in any manner, are requested to call and examine it.

☞ DISEASES OF THE LUNGS.
Deservedly the most popular remedy ever known in America!

VEGETABLE PULMONARY BALSAM. The following recommendation is from Dr. Jacob Myers:

Extract of a letter from Dr. Jacob Myers.

"The Vegetable Pulmonary Balsam has been sold in this country for two years, and the medicine has gained an uncommon celebrity, for it scarcely in one instance failed of having the desired effect. I am by no means in favor of the many nostrums, most of which are impositions upon a credulous public, but that which *I know by experience to be effectual*, I cannot help but give my approbation thereto. A counterfeit preparation has been offered here by a travelling agent of Comstock, N. Y., and there is also another article vended here that is strongly suspected to be spurious.
JACOB MYERS, M. D.
Mifflinton, Juniata co., Penn. May 3, 1837."

☞ Many new and highly interesting certificates may be examined on the bill of directions.

☞ There are many counterfeit preparations assuming wholly or in part the name of the original and true V. P. Balsam.

The true article is signed Sampson Reed, on the label to each bottle. Price 50 cts.
